SEASON 2 OF THE MAGICIANS, NOW AVAILABLE ONLY ON IFLIX

Kuala Lumpur, February 21, 2017 – iflix, Southeast Asia's leading Internet TV service, offering subscribers unlimited access to thousands of TV shows, movies and more, is thrilled to premiere the second season of Malaysia's favourite fantasy television series, *The Magicians*. The first three episodes of the enchanting second season are now available to stream or download, with new episodes express from the U.S. every Thursday, only on iflix.

Produced by Universal Cable Productions and based on the bestselling novels from Lev Grossman, *The Magicians* follows Quentin Coldwater (Jason Ralph) and his friends as they discover their magical abilities at Brakebills College for Magical Pedagogy, a secret grad university specializing in magic. While there, they come to realize that the fantasy world they read about as children is all too real, and poses a grave danger to humanity. Heading into Season 2, this group of unlikely heroes has been thrust into even more treacherous and unfamiliar territory. They must draw upon their novice skills to defeat a threat that could destroy the magical world itself. Driven by power, revenge and survival, they learn that those who enter the hauntingly beautiful world of Fillory will never be the same.

The Magicians joins iflix's fantastic slate of exclusive, critically acclaimed and popular shows, including *Emerald City* (fast-tracked from the U.S.), *Mr. Robot*, *Channel Zero: Candle Cove*, *Aftermath*, *Fargo*, *Black Sails* and many more.

James Bridges, iflix Chief Content Officer, commented: "*The Magicians* is fresh, clever and incredibly addicting. With an extraordinarily gifted team of producers behind its production, *The Magicians* has captured fans of the novels, as well as attracted new audiences worldwide."
